

96 WAY LC FIBRE PATCH PANEL

KEY FEATURES

- Suitable for up to 96 LC fibre connections
- Singlemode and Multimode options available
- Complete Fibre Management Kit included
- Rear panel offers a choice of apertures to suit a variety of glanding arrangements

OVERVIEW

Now available from NBM Distribution, the new Brand-Rex 96 Way FibrePlus LC Patch Panel offers a superior solution for management of fibre in Data Centres and telecom rooms.

This unrivalled product, designed with an emphasis on useability and accessibility, allows for up to 96 connections per 1U of rack space – ideal for high density applications.

Packaged with pre-installed LC adaptors and a fibre management kit as standard, it's shallow depth allows installation in most conventional racks and wall mounted enclosures.

Also available from NBM Distribution is a full range of fibre optic cables, connectors, installation consumables, splicing machines and test equipment.
